x.com/createSujal My portfolio

Technical Skills

Languages: JavaScript, Java, Python, SQL

Backend: Node.js, Express.js, RESTful APIs, JWT, MongoDB, MySQL, Firebase

Frontend: React.js, Next.js, Tailwind CSS, Responsive design, Material UI

Tools: AWS, Cloudflare, Docker, Git, GitHub, Vercel, Render, Jest, Postman

Academics: DBMS, Operating Systems, Computer Networks, OOPS, DSA

Projects

ShopZilla (E-Commerce Platform)

MERN, Cloudinary, Razorpay, Jest

- Developed a scalable e-commerce platform supporting 100+ products with optimized image delivery and secure payments.
- Implemented secure authentication and authorization using JWT-based login and role handling.
- Built RESTful APIs for product management, cart operations, and order handling.
- Integrated Cloudinary for optimized image storage and delivery of product assets.
- Implemented and used Razorpay API service for secured payments integration.
- Deployed and managed application infrastructure using Render and Vercel for improved performance and scalability.
- Wrote unit and integration tests using Jest to ensure application reliability.
- GitHub — Live Demo

TripNest (Travel Booking Platform)

MERN, Material UI, REST APIs, JWT

- Developed a full-stack travel booking platform enabling users to explore destinations and plan trips.
- Implemented secure user authentication and session management using JWT.
- Designed RESTful APIs for trip listings, booking management, and user data handling.
- Built responsive and user-friendly interfaces using React for seamless navigation.
- Structured backend architecture with Node.js, Express.js, and MongoDB for scalability.
- Used Material UI and Focused on clean UI, smooth user experience, and optimized frontend performance.
- GitHub — Live Demo

Tutorly.ai (Doubt-solving chatbot)

React.js, Chatbot, Generative AI

- Built an AI-powered chatbot to answer syllabus and exam-related academic queries.
- Integrated Google Gemini API for natural language understanding and responses.
- Provided access to previous year questions and subject-wise academic assistance.
- Designed animated and interactive UI components using GSAP.
- Ensured responsive design and performance optimization using Tailwind CSS.
- Improved student productivity by offering a centralized academic support platform.
- GitHub — Live Demo

Experience

CollegeTips.in

Apr 2025 – June 2025

Frontend Intern

- Developed and optimized React components used in production environments.
- Collaborated with backend and design teams to integrate APIs and enhance user experience.
- Gained experience working in a production codebase and agile team environment.
- Gained valuable soft skills including communication, collaboration and Project management.

Education

Lakshmi Narain College of Technology, Bhopal

B.Tech in Computer Science

2023 – 2027

CGPA: 7.5 / 10

Certifications / Achievements

- Finalist – BIST Idea Hackathon 2025
- Finalist – Smart India Hackathon 2024
- Participant – Samadhan 2.0 Gen AI Hackathon
- Solved 500+ coding problems on CodeChef
